

Harry Potter Mystery Date Game Pawns

DISCLAIMER: I do not own any of the images or fonts that are used to create this game. You may only use my templates for personal use. None of the items in this post or in the resource library can be sold or redistributed for money.

Notes:

These pawns should be printed single-sided on white 8.5" x 11" card stock or paper. Once you cut these out, you can place thicker paper or mat board in between them to make it the right thickness.

We used doubled-sided tape to adhere the two halves to each pawn.
