

Star Wars Mystery Date Game Dates

DISCLAIMER: I do not own any of the images or fonts that are used to create this game. You may only use my templates for personal use. None of the items in this post or in the resource library can be sold or redistributed for money.

Notes:

These cards should be printed single-sided on white 8.5" x 11" card stock.

Once you cut them out, you will need to use the cards that came with the game as a template to trace.

You will need to cut each one differently in order to make the door work properly.
